**Please Note:** Rally entrant/s must accept the concours entry conditions and sign below. There are no fees to enter the concours, but you must be a financial rally entrant. Use a separate form for each vehicle entered in the concours. Forms must be posted to the Rally Administration address. Unfortunately email entries will not be accepted.

### Concours Entry Conditions

Your attention is drawn to the rules specified in the rally entry form in which by signing the form you agreed to abide by the conditions stated for both rally and concours entry.

The following instructions for concours entry are additional to the already specified conditions.

- During judging you must be with your vehicle to perform tasks required by the judges e.g. opening and closing of doors and bonnet etc. This has come about as in the past some owners feel that the judge/s may damage their vehicle. You can waive this right and have your vehicle marked down or allow the judges to perform the tasks themselves.
- Entrants must not converse with judge/s during judging except in the case when asked a question by a judge/s and then move away.
- If you converse with a judge/s you will be asked to move away and if you persist judging will cease and your vehicle will not be judged any further.

\*I/We agree to abide by the concours entry conditions as stated and declare that to the best of my/our knowledge the information is correct and the vehicle being entered is in its correct class as per concours specifications of classes.
